

# **JR** JOHN'S RACECRAFT **TOP SPORTSMAN** SHOWDOWN **NEWSLETTER**

May 15, 2010

Dear Competitors,

Welcome to the third annual John's Racecraft Top Sportsman Showdown. For the third year in a row we have put together a Top Sportsman Program that is for the racers! We have garnered sponsors for all 15 races; we also are offering more Specialty awards, and \$30,000 in Cash Payouts! So who is going to step up and de-thrown last year's champion? Who wants it more? Who is going to make the speech at the banquet in 2011? We are all in for one heck of a battle and until the dust settles in October we all must show up and do battle, and let the best man win.

With that being said, this leads us to race #1 of 15, which is sponsored by Select Performance. Ed Alessi founded Select Performance Inc. in 1980. Select Performance designs, tests and manufactures high performance products to assure you the best quality and performance available. Their innovative products such as the Turbo 400 A.L.P Trans Brake, Powerglide Pro Lite Reactor Trans Brake, and Reactor Torque Converters are just a part of the "Winning Edge." Select is continuously researching and developing new product that will take the racing industry throughout the 21st century. Their products are designed by racers, for racers, to produce more of what you want. We have track proven our transmissions, converters, and valve bodies for reliability durability, and consistency to provide racers with the best possible product at the best possible price. These are just a few reasons our Transmissions, Converters, and Components will give you the "Winning Edge."

Select Performance  
76-A Bell St.  
W. Babylon, NY 11704

Like all races this year we are running all Saturday/Sunday double headers. This Weekends second race is sponsored by Dewzen. Dewzen specializes in high performance racing accessories. Their goal is to make quality products that exceed the need they are designed for. Dewzen is committed to designing and manufacturing quality products that are easy to install. Dewzen L.L.C. is managed by Marc Petit

from Nashua NH. As a sportsman class bracket racer who has competed in the NHRA and IHRA sanctions, Marc is aware of the challenges facing today's racer. He is also a CNC machinist with nearly 20 years of experience managing a prototype machine shop. He is now putting his experience in machining to work for you.

**I cannot stress enough that supporting our sponsors is what will keep this series thriving in the future. Whenever you can, please support!**

Once again I would like to thank all the competitors who took advantage of signing up ahead of time, using our online features really helps me get this series going back in January rather than the first weekend of racing. For anyone who is new to this series today, you can come to the registration table and pickup anything you need. We will have copies of all series paperwork including Rule Books, Membership Forms, Sponsorship Forms and Decals.

\*\*\*\*\* IMPORTANT TOPICS \*\*\*\*\*

**RAIN PROCEDURES:**

If races get rained out then the races counting towards your points totals will adjust as follows:

- 1 Rainout            10 of 14
  - 2 Rainouts           10 of 13
  - 3 Rainouts           9 of 12
  - 4 Rainouts           8 of 11
  - 5 Rainouts           7 of 10
- 
- Any more rainouts than 5 will result in a meeting between the Top Sportsman Committee members to come up with a reasonable plan for points.

Thanks for taking the time to read this through, Good luck to everyone this season!
